TASK LAMP

Specification

Task Lamp series are aluminum extrusion with super slim. This is a perfect option for personal applications with an aesthetic streamline design suitable for personal computer working in office or house. Task Lamp Series are using of smoothly 3 steps dimmable, softly on/off touch screen, asymmetric beam for wall washing with PMMA lens to control the distribution of light to not directly contact eyesight.

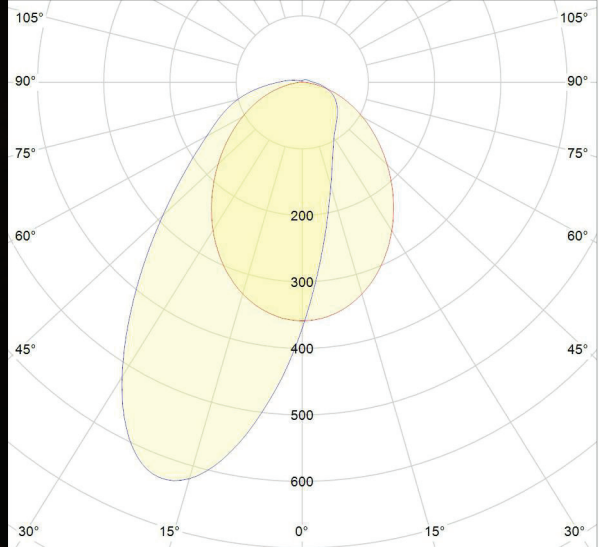

Input Voltage	5 VDC	LED Life Time	50,000 hrs	Finishing	Black Anodized
Luminous Flux	50lm/W	Lens Material	PMMA	Dimmable	Available
Beam Angle	Asymmetric beam for wall washing	LED Light Source	Lumileds, Everlight	Wire Length	2M
Work Temperature	-10°C to + 65°C	CRI	>90	Tube	Aluminium Extrude
		CCT	4000K, 6500K	Warranty	1 Year

Model	Power (W)	Current(mA)	Efficiency (lm/W)	Weight (Kg.)	Dimension (mm.)
LED Task Lamp	5	800	50	0.350	450x160x110
